

THE TRAIL

NUMBER 41

EDMONTON, ALBERTA

JUNE, 1934.

THE TRAIL is published by the University of Alberta Alumni Association, and is sent to all members whose addresses are known.

Membership dues of the Association (\$1.00 for members residing where no branch exists) are now due and payable to the Treasurer of the Association.

OFFICERS OF THE ASSOCIATION

Honorary President: DR. R. C. WALLACE.

President: J. R. DRYSDALE, '12.

Second Vice-Pres.: E. J. THOMPSON, '26.

First Vice-Pres.: MRS. J. M. FORBES, '17.

Third Vice-Pres.: MRS. W. P. CALHOUN, '27.

Secretary: G. B. TAYLOR, '23, '25, University of Alberta, Edmonton.

Treasurer: H. J. WILSON, '15, 11152 88th Ave., Edmonton

MISCELLANEA

WELCOME, CLASS '34! A few of us saw and spoke to many of you on May 14 and 15; now *all* the 2,100 of us welcome *all* the 260 of you most cordially to our ranks. If you will but keep us advised of your location we shall do our best to keep you in touch with each other and with the University. Elsewhere in these columns will be found the name of an officer of each branch to whom new graduates should apply for branch membership. Those who settle where no branch exists are urged to communicate occasionally with the secretary of the Association especially after moving. The Trail, which is at present sent to all graduates whose addresses are known, depends on its recipients for news material. Although the thread connecting you to your Alma Mater may be slender, let's co-operate to keep it unbroken.

The twenty-fourth Convocation has come and gone. As a result two new portraits adorn the University walls. The first, of President Wallace, painted by Mr. Petley-Jones, is the gift of class '34. The other, of Dr. Broadus, painted by Mr. Grandmaison, was presented at the close of the alumni dinner by Dr. Gordon on behalf of the department of English, staff and students. Athabaska Hall was again well crowded on this occasion. Among the guests of honor were the new Chancellor of the University of Manitoba, Dr. Dafoe and Mrs. Dafoe. The evening was pleasantly concluded by dancing.

Convocation Day was a real "scorcher." From the scribe's position behind the Chancellor's chair the crowded galleries and side seats of McDougall Church were all a-flutter with programs. About a dozen graduates apart from staff and graduands exercised their privilege of joining the academic procession. Among a host of prize-winners were noticed *Smith Gardner* '33 (Scholarship offered by the College of Physicians and Surgeons), *Jessie Wetmore* '32 (Robert Tegler Research Scholarship), *Norman Jennejohn* '32 (Prize for Proficiency in Second

Year Dentistry), and *David G. Williams* '33 (University of Alberta Research Scholarship). *Austin Brownie* '33 landed his B.Sc. (Electrical), and *Newcombe Bentley* '32 his B.Sc. (Ag.). The L.L.B. was acquired by *Mary Joffe* '32, *Alex Burgess* '32, and *George Rose* '32, D.D.S. by *Joseph O'Neill* '30, and M.D. by *Marion Powell* '31, *Leyda Sestrap* '30, *Smith Gardner* '33, *Campbell MacPherson* '30, and *Ronald Rawlinson* '30. Nearly all the master's degrees and high school teacher's diplomas were won by alumni as follows: H. S. Teacher's diploma: *Margaret Allan* '33, *Dorothy Argue* '32, *Elizabeth Baker* '33, *Norma Baker* '32, *Margaret Flewelling* '31, *Elizabeth Forryan* '33, *Nancy French* '33, *Elizabeth Harvie* '31, *Marion Mangan* '33, *Anna Molstad* '33, *Esther Prevey* '25, *Margaret Ripley* '33, *Arthur Allen* '31, *Timothy Byrne* '32, *Julius Hardin* '31, *René LeBlanc* '33, *Ernest Petit* '31, *Ivan Sheppy* '32, *Ernest Walker* '32, *Harold Wortman* '33, and *Ralph Zuar* '33. M.A.: *Esther Prevey* '25, *Elliott Birdsall* '31, *Sadu Singh Dhami* '32, *Munroe MacLeod* '21, *Erich Muller* '32, *William Poole* '32, and *Ralph Zuar* '33. M.Sc.: *Marjorie Weir* '27, *Hugh Beach* '32, *Allan Campbell* '30, *William Howells* '32, *Kenneth Jackson* '32, *Wilbert Jobe* '33, *Morris Liskear* '32, *A. R. O. McDonald* '31, *Ward McElroy* '33, *Elly Margolis* '32, *William Odynski* '32, *Bob Rose* '32, *George Semeniuk* '32, *Walter Stone* '31, *Donald Taylor* '32, *James Torrie* '31, *Ken Walker* '28, *Arthur Wilson* '32 and *Frank Wood* '31. A. B. *Currie* '32, *Herman King* '32 and *Claude Robinson* '26 were admitted to B.Educ., while *A. E. Hayes* '16 and *Harold Ricker* '30 received the B.D. Dr. Dafoe delivered a most inspiring Convocation address after receiving the degree of Doctor of Laws at the hands of Dr. Rutherford.

* * *

The following, with the branch presidents, comprise the new Council of the Association. They will hold office from July 1, 1934, to June 30, 1935:

President—Roy C. Jackson, B.A. '15.

First Vice-Pres.—Mrs. Harry Haynes (nee Doris Smith), B.A. '18.

Second Vice-Pres.—Edmund J. Thompson, B.A. '26, Ph.D.

Third Vice-Pres.—Mrs. W. P. Calhoun (nee Inez Carlson), B.A. '27.

Secretary—Geoffrey B. Taylor, M.Sc. '25.

Treasurer—Harry J. Wilson, B.A. '15.

Amendments to the constitution passed in April provide for (a) life membership fee of \$25.00 instead of \$50.00; (b) ordinary single membership, outside of centres where active branches exist, \$1.00 annually; (c) joint membership of husband and wife \$1.50 annually (both may be members or associate members or one a member and the other associate); (d) the payment by branches to the Association of only *one* dollar per joint membership instead of \$1.50. Members are here reminded that revenue from life-memberships is earmarked for the Tory Scholarship Fund and that this fund has practically not increased at all recently.

* * *

This is the second issue of THE TRAIL for 1934. It is hoped that a third can be published in the late autumn. The Council is fully aware of the desirability of more frequent publication, but revenue is the determining factor—for example, the postage on this issue will be about \$22.00!

* * *

My guess was fifteen but there turned out to be one less—at the Annual Meeting. *Nine* of those present were officers (present or future), as we were meeting jointly with the Edmonton Branch. We weren't really a quorum, but I venture the opinion that the unconstitutionality of the proceedings will not be protested.

Two topics were discussed in our part of the meeting—the dinner and the scholarship fund. Owing to the increasing numbers of the graduating class and the fixed capacity of Athabaska Hall the conclusion was inescapable that as a means of entertaining the graduands, the dinner will soon have to be abandoned. Apart from bank interest the Tory fund has remained stationary for two years, hence the meeting recommended to Council the award of an annual prize out of the income. *Harry Wilson's* financial report will be found elsewhere in these columns.

I detected keen disappointment among the branch executive because of their feeble support. The educational work which has been carried on among the unemployed has been supported much more loyally by the business firms and by unemployed teachers than by the large majority of University men and women. *It seems to me that there rests on each of us who has received the benefits of education a distinct obligation to assist others much less fortunate in occupying their all-too-abundant spare time profitably.* The branch executive should not have to bother with ways and means of raising money for so excellent a cause. That is the least responsibility we should shoulder. Let us *all* see to it that our 1934-35 fees are paid without delay!

The Department of Extension of the University of Alberta is again offering an intensive summer course in the Arts related to the Theatre, at Banff, August 1st to 28th. A feature of this year's program will be the study of Folk Song and Lute Discant. Roy Mitchell, Jocelyn Taylor and Wallace House, of New York University, College of Fine Arts, with Mary Ferguson of University of Manitoba, Theodore Cohen of the University of Alberta, and Elizabeth Haynes, Director of the Dramatics Section of the Department of Extension of the University of Alberta, are the instructors. Courses in Play Analysis, Folk Song, Choric Speech, Direction, Acting, Voice and Speech, Plastic, Costume, Make-up, Stagecraft, and Lighting will be offered. Roy Mitchell, Theodore Cohen, Jocelyn Taylor and Elizabeth Haynes will put eight play units into rehearsal for production. These will be chosen from Shakespearean comedy, mediaeval French farce, expres-

sionistic drama and well known moderns. Roy Mitchell will give a special series of eight evening lectures. The whole school is under the supervision of E. A. Corbett, Director of the Department of Extension. A booklet giving details of this course is available from the Extension Department office upon request. The registration fee is \$5.00—there are no tuition fees for the courses.

News of the Branches

EDMONTON. — Pres. *R. V. Clark*, '28; Sec., *Esther Prevey* '25, 10934 89th Ave.; Treas., *Max Wershof* '28, '30, 10143 116th St. Report by *Jean Bulgea* '30, retiring secretary: The Edmonton branch commenced its 1933-34 activities with a reception to out-of-town Freshmen. This took the form of a drive around the city. Some sixty cars were available; after a pleasant tour in ideal autumn weather tea was served in Athabaska lounge. In October an informal dinner was held in the Lounge, after which Dr. *Alexander* in his inimitably humorous way told of his recent travels in Spain. At this meeting the eighty members present were invited to inspect the newly-furnished recreation room for students, in Athabaska Hall.

Mrs. *Strickland* '24 and her committee are to be congratulated on the way in which they conducted a very enjoyable and successful benefit bridge in November. By this means a goodly sum of money was raised for the school for unemployed. This fund was further increased by the sale of tickets to "Charley's Aunt" presented by the Guild Players in December.

A purely social occasion in February, a cabaret dance at the Macdonald Hotel, was enthusiastically recommended by alumni and their friends.

This survey of the season's activities would not be complete without a note about "The School." Under the continued able leadership of Mr. *P. D. Hurley* '31 and Mr. *J. H. Knight* '32 the school saw an increase in registration and a steadier attendance record than in the previous year. A new department for women was successfully conducted by Miss *A. Duggan* '32. At the close of the term the twenty-six teachers in appreciation of their work were entertained at dinner by the executive. A theatre party followed.

MONTREAL.—Pres., Dr. *J. B. Collip* '24, '26; Sec.-Treas., *George V. Haythorne* '30, Strathcona Hall, Sherbrooke St. Mrs. *T. M. Lawrence* (nee *Dorothy Sproule*) '30 reports that "during the winter we had a party and a dinner and some of our members were able to accept an invitation extended by the Ottawa group. Late in the spring (March 29) we were pleased to have Dr. Wallace at a luncheon meeting to speak to us. At this meeting the following officers, in addition to Dr. Collip and *George Haythorne*, were elected: Vice-President, *Jack McAllister* '24; members of the executive, Dr. *E. C. Menzies* '18 and *Alla Magoon*. . . *Helen Sorenson* spent a couple of days in Montreal recently; she is of course very much excited about going over to Wales to study Agricultural Economics. You have probably heard that *Marjorie Bradford* '24 has received an appointment in Ottawa and will be working with *Charlotte Whitton*. Given *Toby* '26 is still working away in the biochemistry lab. and *Eva Younge* '30 is keeping the Social Research lab. running properly. . . My brother *Don* '28 is working for an English company interested in perfecting instruments to pick up sound waves. Last summer he wandered about the seas measuring the depth by means of sound and echoes. *Cam* '30 is still studying Geology—his ambition seems to be to collect bigger and better rocks. This summer he is on a geological survey in Northern Ontario." Mrs. Lawrence expresses the hope that some of the new graduates will manage to come to Montreal.

- HENDERSON—AYLESWORTH—At Calgary, June 12, 1934, Hesperia Lee '28, daughter of Mr. and Mrs. E. B. Aylesworth, of Calgary, to James Ross '26, son of Mr. and Mrs. James Henderson, of Calgary. Mr. and Mrs. Henderson will reside in Calgary.

Alumni Notes

1912-1923

The only reunion of which I heard at Convocation time was that of the Twelvers who gathered at the home of *R. H. Dobson* '11, '14. Most of the Edmonton members were present, with some '11's and '13's to boot, and two from out-of-town, viz., Mrs. A. D. Elsey (nee *Mary "Libby" Lloyd*) of Waskatenau and Dr. *York Blaney* of High River. Amongst the messages received from absent members was one from Rev. *T. C. Colwell*, who wrote from 233 Abbott St., Vancouver, where he is an evangelist and social worker with the Central City Mission. *Nelson Graham* '15, provincial bacteriologist at Stult Ste. Marie, Ontario, promptly (and suitably) acknowledged the last Trail, in which he says "there are fewer and fewer names familiar to us. . . . My wife (nee *Gwynethe Tuttle*) '15 is occupied teaching four husky dirt-smeared ruffians to wash themselves and comb their hair some time before they start shaving." From *William Berry* '16, '18 come "greeting to my old friends especially those on the faculty. . . . I do not see any Edmonton people except *Charlie Reid* '23, '24, who is at Eastman Kodak." Dr. *Berry* is professor of psychology at the University of Rochester, Rochester, N.Y., while Dr. *Reid* is (or was) at 76 Edgerton St. "I hope," says *Aileen Dunham* '20, of 647 Beall Ave., Wooster, Ohio, "that the virtuous feeling is induced by the payment of a depreciated American dollar as I have no other to offer. . . . I spent Christmas with *Lillian Cobb* '18, '22 at De Kalb, Illinois, where she teaches in the State Teachers' College. *Grace Stewart* '18, '20 teaches geology at Ohio State. As far as I know *Grace* and I alone uphold the reputation of the University here. I am still professor of European History at the College of Wooster and managed to go to Europe last summer in defiance of the times." *H. C. Johnston* '22, 718 Citizens Bldg., Los Angeles, reads "with interest each copy of the Trail and has thus been able to keep track of many familiar names. It is with great pleasure that I meet one or more of the numerous graduates residing in and about Los Angeles, on rare occasions." Another Los Angeles attorney, *Robert Kronick* '23, apparently appreciates the Trail and decided to acquire virtue by the method outlined on page 6 of the last issue; his address is 712 Union Bank Bldg. Some months ago Dr. *Karl Clark* brought in an old friend in the person of *Sid Blair* '24. *Sid* is an oil man in London, England, his address being c/o Trinidad Leaseholds Ltd., 1 London Wall Bldg., London Wall E.C. 2. On my way down to a Physics lab towards the end of the session I ran into *Don Currie* '25, '28, who is practising medicine at Shelter Island, New York. The size of the bill that *Don* handed out made me gasp, but he instructed me to keep it all. Long may he live!

* * *

Found, some time ago, probably around the University, a class '22 pin—now in possession of the secretary.

1924-1929

About the first of June I noticed the picture of *Gordon Lee* '24 in the Journal with the intimation that he had been awarded the degree of Doctor of Medical Science at Columbia for a thesis on "Thyroid Inflammation." His home address is 10005 103rd St., Edmonton. I ran into another man of the same class last week, namely, *Jack Gerrie* '24, '27. *Jack* and his family (see vital statistics) have left for St. Louis where he will take P.G. work in surgery for three months; thence to London and Vienna for further P.G. and return to Montreal General next spring. *John Cassels* '24 is due for congratulations on

two counts: on having won his Ph.D. at Harvard with distinction and on having carried off a Carnegie research fellowship in social science. This will enable him to spend six months in London and six months in Paris, Rome and Oslo. Mrs. *Cassels* (nee *Gladys Sorenson*) '26 and wee *Bill* will accompany him. The last issue provoked this newsy note from *C. M. Laverty* '26, principal of Lacombe High School: "I see *Nifty Addinell* (Dentistry) once in a while at Ponoka, also *Joe O'Brien* '26. *Bill Henry* '21 is practising a few miles west at Bentley. *Eva Jagoe* '26, *Irene Smith* '27 and *Thelma Kingsbury* '33 are here with me on the High School staff. Doctors *Harry Nix* '27 and *Hubby (C.D.) Husband* '28 are at Red Deer. *Johnny Tames* '25 is a salesman for Westinghouse in Vancouver (6438 Cypress St.). My brother *C.A.* '27 (1194 St. Matthews St., Montreal) is inspecting electrical equipment for an insurance concern in the five eastern provinces. I also see *W. K. Gish* '25, H.S. principal at Wetaskiwin, often; he has *Mildred Thresher* '27 on his staff there." This *does* help along, Mr. *Laverty*! I learn that three of the '27 M.D.'s are located as follows: *Allen Chambers*, house physician at Chateau Lake Louise, *Frank Tallman* at Rockland State Hospital, Orangeburg, N.Y., and *Ed Wright* at Athabaska, Alberta. The friends of *Dillon Cornucall* '28 will be glad to hear that he has recovered a large measure of health, and is doing further P.G. at the University of Chicago. Congratulations to *Roly Young* '28 on becoming a Ph.D. of Cornell. This is the climax to a brilliant record. *Jack Taylor* '28 (Box 251 Barberton, Ohio) is "enjoying life in the States. I have a fairly good job as development engineer for Ohio Brass Co. Our design work is divided into two groups, and I am responsible for one of these. We manufacture high voltage condensers, brushings, snap and switch insulators, and are building an impulse generator to give 3,000,000 volts or over. . . . *Frank Kunst* '27 is in the insurance business and was at Niagara Falls when I last heard of him." Can anyone supply Frank's address? *Pete Kilburn* '29 remarks that my "cunningly planned injunction" on the last page of the February Trail has quite unnerved him, and proceeded to obey the injunction. His words of praise from 45 Thurlow Road, Montreal, were most heartening. We'll endeavor to "keep up the good work indefinitely," *Pete*! From the Edmonton Journal I note the bestowal of degrees by McGill on three alumni, viz., *William Downs* '30 (M.D., C.M.), *Herbert Morris* '29 (Ph.D. with honors in physical chemistry), and *Oswald Peck* '31 (M.Sc. with honors in entomology). Another award, but in 1933, is that of Doctor of Science (in Metallurgy) to *R. G. Drinnan Jr.* '29. *Bob* is a metallurgist with the National Tube Co., Ltd., at Lorain, Ohio, his address being 113 Waverley Court. Mr. *S. Sugden* '29 voices appreciation of the Trail from Carrot Creek, Alberta in the most practical fashion. I believe he is a teacher there. I close this section by passing on *Ted Goican's* ('23, '25) remark that his brother *Vic* '29, '32 is now practising law "on his own" in Vancouver; he resides at 2230 W. 3rd Ave.

* * *

1930-1934

Norman McLeod '30 of Estevan, Saskatchewan, was voted the most valuable member of his baseball team (Regina Nationals). He won the Saskatchewan championship almost single-handed, playing four or five times a week at times. *Norman* will be remembered in athletics; he held the individual championship in '29-'30 and set a record for the 880, which has yet to be beaten. From *Glen Craig* '30, who has been lecturing in Pol. Ec. this winter, I learn that *Sid Hobbs* '28 is moving to Vancouver (whether private practice or hospital work he did not know), and that *Ed Douglas* '29, sporting his new M.D., C.M., would be going on to Cornell for P.G. in surgery. When *Arthur Allen* '31 was in the office recently he reported that *Felp* '30, '32 and Mrs. *Priestly* (nee *Carman Craig*) '27 were going to Mount Royal College for the autumn, and that the Red Deer H.S. corps would

include Mrs. *Aylesworth* '34, *Eva Beattie* '31, *David Dandell* '31 and himself. *Maurice Solberg* '31, of Carolside, Alberta, enjoyed the Trail so much that he proceeded to give the wheels a definite push for the next issue. *Zella Oliver* '31 sends best wishes to fellow-alumni and alumnae (with a quite tangible enclosure) from Lomond, Alberta, where she teaches, I believe. Of *Lloyd Reynolds* '31 news comes that he has landed a scholarship in sociology at Harvard for the 1934-35 terms. Drop a line when you get settled, *Lloyd*! Since the autumn of '33, *Margaret Kinney* '32 in the capacity of travelling secretary of the S.C.M. has visited Dalhousie, Acadia, Mt. Allison, U.N.B., McGill, Queens, Toronto, Western, Manitoba, Saskatchewan, B.C., and her Alma Mater. *W. H. Poole* '32, who was an assistant in Pol. Ec. last session, is attending the summer session at U of Chicago in quest of the elusive Ph.D. From Big Hill Creek, Cochrane, Alberta, comes a boost to the wheels sent by *Walter Hutchinson* '32, who says that "I am now punching cows and wrangling horses and trying to find where my 'University education' is going to get me. *Rex Kendrew* and I have a session every time we meet and the Trail is about worn out by the time we part!" *George Will* '32 is an inspector for the Debenture Company of Canada at Regina (Box 362) and considers the Trail is worth supporting. I'm wondering if there aren't enough alumni in Regina for a group on the Ottawa model? According to my records the following reside there: *Marilda Clermont* '26, *Daisy Kellam* '27, '28, *Louis Lesk* '31, *Agnes MacFarlane* '23, *J. B. McAra* '27, *Alan McGill* '31, *Mrs. Mayne* (nee *Phyllis McBeath*) '25, *Mac* '27 and Mrs. *Holmes* (nee *Dorothy Richard*) '23 and *George Will* '32. There is also quite a contingent in Moose Jaw. I should be glad to furnish further information. On March 14 the photographs of *Arthur MacLennan* '32 and *John Hart* '29, '32 appeared in the Journal with the intimation that they had been admitted to the Bar by Chief Justice *Harvey*. Not long ago *Percy Hargrave* '32 (10096 153rd St., Edmonton) dropped in for a chat, mostly about fruit, as he is keenly interested in that phase of horticulture. He remarked that *Harry Hargrave* '32 is at the Experiment Station at Manyberries, Alberta. *Isadore Wolch* '32 has been as he says "looking down in the mouth" in Winnipeg (Suite 4, Bella Vista Apts.) since October '32 and has come in contact with very few Alberta grads. He says further: "Why not a little literary addition (to the Trail)? Surely there are sufficient Arts, Law and other highbrow grads to write something for the cultural benefit of us mere technical men!" Here's material for a debate on what the Trail should contain. Unfortunately the present financial situation precludes expansion, but I am hoping that a directory issue will be feasible next year—hence the request for addresses in this one. Of class '33 I have just two items to record: One is that *Kathleen Lord* is located at Milo, Alberta, and that *Roy Blodgett* is at Gainford, Alberta. The Trail has enabled him to keep in touch "with some of those with whom I had close connection during my university career."

* * *

Au revoir, mes amies! GEOFF.

3. — Thumb.

WHERE ARE THEY?

The following are posted as "address unknown." We are anxious to restore them to the mailing list. If you know the addresses of any will you please write them opposite the names on this page (giving full street address if in town or city), sign the page and return it to The Secretary, Alumni Assoc., University of Alberta? If you are not certain please indicate uncertainty; and if able only to give the name and address of a relative, that will be useful.

Edmonton, Alberta, June 14, 1934.

Presented on behalf of the Council.

H. J. WILSON, *Treasurer.*

Edmonton, Alberta, June 14, 1934.

I have audited the books and vouchers of the Alumni Association of the University of Alberta for the period ended June 12th, 1934, and I have received all the information and explanations I have required. In my opinion the above balance sheet is properly drawn up so as to present a true and correct view of the state of the Association's affairs according to the best of my information and the explanations given to me and as shown by the books.

C. K. R. HUCKVALE, *Auditor.*
